Keyword index

adulteration
honey / cane sugar / microscopy, 131
Africanized honey bee
Apis mellifera / *Varroa jacobsoni* / mite reproduction / brood infestation, 381
Apis mellifera / swarm / feral bee / nest cavity / pheromone, 467
Apis mellifera scutellata / neotropical African honey bee / swarm / waggle dance / mitochondrial DNA, 395
hemolymph / protein concentration / postembryonic development / *Apis mellifera carnica*, 101
aggressivity
social parasitism / *Psithyrus sylvestris* / *Bombus pratorum* / dominance behaviour, 245
American foulbrood
Apis mellifera / *Bacillus larvae* / diagnosis / API 50CHB system, 11
antimicrobial activity
propolis / phenolics / toxicity / therapeutical activity, 83
API 50CHB system
Apis mellifera / American foulbrood / *Bacillus larvae* / diagnosis, 11
apiculture
nectar production / flower characteristic / Mediterranean shrubland / Apoidea, 39
Apis andreniformis
Asian bee / *Apis florea* / morphometry / population genetics / Thailand / Philippines, 387
Apis cerana
queen piping / *Apis koschevnikovi*, 61
Varroa jacobsoni / *Apis mellifera* / RAPD marker / genetic variability / geographical variability, 283
Apis cerana indica
Apis mellifera / toxicity / insecticide / diflubenzuron / penfluron, 3
Apis dorsata
Apis mellifera / swarming / nest site / Nasonov pheromone / genetic relationships / microsatellite / mitochondrial DNA, 119
Apis florea
Asian bee / *Apis andreniformis* / morphometry / population genetics / Thailand / Philippines, 387
Iran / *Apis mellifera yemenitica* / geographic variation / cline, 477
Apis koschevnikovi
queen piping / *Apis cerana*, 61
Apis mellifera
Apis cerana indica / toxicity / insecticide / diflubenzuron / penfluron, 3
Africanized honey bee / swarm / feral bee / nest cavity / pheromone, 467
Apis dorsata / swarming / nest site / Nasonov pheromone / genetic relationships / microsatellite / mitochondrial DNA, 119
Apoidea / solitary bee / rest at night / sleep / behavioural physiology, 213
bee brood / HPLC / retinol, 407
Cucumis melo / greenhouse / pollination / wind direction, 511
Varroa jacobsoni / Africanized bee / mite reproduction / brood infestation, 381
Varroa jacobsoni / biotechnical control / invasion behaviour / drone cell, 109
Varroa jacobsoni / fluvalinate / effectiveness / resistance, 67
Varroa jacobsoni / volatile oil / toxicity / chemical control, 27
American foulbrood / *Bacillus larvae* / diagnosis / API 50CHB system, 11
central Anatolian honey bee / isozyme / genetic variation / starch-gel electrophoresis, 503
Varroa jacobsoni / *Apis cerana* / RAPD marker / genetic variability / geographical variability, 283
Varroa disease / fluvalinate / effectiveness / resistance, 291

Apis mellifera carnica
hemolymph / protein concentration / postembryonic development / Africanized honey bee, 101
social grooming / self-cleaning / grooming dance / ectoparasite / *Varroa jacobsoni*, 141
Apis mellifera iberica
Varroa jacobsoni / dynamic population / climate / Spain, 371
Apis mellifera ligustica
wax mirror / ultrastructure / wax gland / hydrocarbon / protein, 17
Apis mellifera scutellata
Africanized honey bee / neotropical African honey bee / swarm / waggle dance / mitochondrial DNA, 395
Apis mellifera yemenitica
Apis florea / Iran / geographic variation / cline, 477

Bacillus larvae
Apis mellifera / American foulbrood / diagnosis / API 50CHB system, 11
bee brood
Apis mellifera / HPLC / retinol, 407
behavioural physiology
Apoidea / solitary bee / *Apis mellifera* / rest at night / sleep, 213
biotechnical control
Apis mellifera / *Varroa jacobsoni* / invasion behaviour / drone cell, 109
Bombus hypnorum
bumblebee / dominance / volatile bouquets / chemical analysis, 163
Bombus pratorum
social parasitism / *Psithyrus sylvestris* / dominance behaviour / aggressivity, 245
Bombus terrestris
nutrition / diet / palatability, 273
botanical origin
honey / flavonoid / HPLC, 53
brood infestation
Apis mellifera / *Varroa jacobsoni* / Africanized bee / mite reproduction, 381

California
Varroa jacobsoni / population dynamics / virulence / Mediterranean climate, 149
cane sugar
honey / adulteration / microscopy, 131
central Anatolian honey bee
Apis mellifera / isozyme / genetic variation / starch-gel electrophoresis, 503
chemical analysis
bumblebee / *Bombus hypnorum* / dominance / volatile bouquets, 163
chemical control
Apis mellifera / *Varroa jacobsoni* / volatile oil / toxicity, 27
cinnamic acid
propolis / cytokine release / *Klebsiella* infection, 73
climate
Varroa jacobsoni / *Apis mellifera iberica* / dynamic population / Spain, 371
cline
Apis florea / Iran / *Apis mellifera yemenitica* / geographic variation, 477
Cucumis melo
Apis mellifera / greenhouse / pollination / wind direction, 511
cytokine release
propolis / cinnamic acid / *Klebsiella* infection, 73

diagnosis
Apis mellifera / American foulbrood / *Bacillus larvae* / API 50CHB system, 11
diet
Bombus terrestris / nutrition / palatability, 273
diflubenzuron
Apis mellifera / Apis cerana indica / toxicity / insecticide / penfluron, 3
diluted semen
queen honeybee / instrumental insemination, 487
dominance behaviour
bumblebee / *Bombus hypnorum* / volatile bouquets / chemical analysis, 163
social parasitism / *Psithyrus sylvestris* / *Bombus pratorum* / aggressivity, 245
drone cell
Apis mellifera / Varroa jacobsoni / biotechnical control / invasion behaviour, 109

ectoparasite
social grooming / self-cleaning / grooming dance / *Apis mellifera carnica* / *Varroa jacobsoni*, 141
effectiveness
Apis mellifera / *Varroa jacobsoni* / fluvalinate / resistance, 67
Apis mellifera / *Varroa* disease / fluvalinate / resistance, 291
egg collection
honeybee / laboratory hive / flight room / micromanipulation, 297
epidemiology
social insects / parasite / polyandry / social organisation, 255

feral bee
Africanized honey bee / *Apis mellifera* / swarm / nest cavity / pheromone, 467
flavonoid
honey / botanical origin / HPLC, 53
flight room
honeybee / egg collection / laboratory hive / micromanipulation, 297
flower characteristic
nectar production / Mediterranean shrubland / Apoidea / apiculture, 39
fluvalinate
Apis mellifera / *Varroa jacobsoni* / effectiveness / resistance, 67
Apis mellifera / *Varroa disease* / effectiveness / resistance, 291

genetic relationships
Apis mellifera / *Apis dorsata* / swarming / nest site / Nasonov pheromone / microsatellite / mitochondrial DNA, 119
genetic variability
Varroa jacobsoni / *Apis mellifera* / *Apis cerana* / RAPD marker / geographical variability, 283
genetic variation
central Anatolian honey bee / *Apis mellifera* / isozyme / starch-gel electrophoresis, 503
geographic variation
Apis florea / Iran / *Apis mellifera yemenitica* / cline, 477
geographical variability
Varroa jacobsoni / *Apis mellifera* / *Apis cerana* / RAPD marker / genetic variability, 283
Greece
honey / unifloral / physicochemical characteristics / miscroscopic characteristics, 441
greenhouse
Apis mellifera / *Cucumis melo* / pollination / wind direction, 511
grooming dance
social grooming / self-cleaning / *Apis mellifera carnica* / ectoparasite / *Varroa jacobsoni*, 141
gyne
Meliponinae / stingless bee / queen supersedure / swarm, 231

hemolymph
protein concentration / postembryonic development / *Apis mellifera carnica* / Africanized honey bee, 101
honey
adulteration / cane sugar / microscopy, 131
flavonoid / botanical origin / HPLC, 53
Italy / melissopalynology / physicochemical characteristics / organoleptic analysis, 453
organochlorine pesticide / residue / Spain, 33
unifloral / physicochemical characteristics / miscroscopic characteristics / Greece, 441
honey bee
Nosema apis / race / stock / longevity / spore load, 495
egg collection / laboratory hive / flight room / micromanipulation, 297
HPLC
bee brood / *Apis mellifera* / retinol, 407
honey / flavonoid / botanical origin, 53
hydrocarbon
Apis mellifera ligustica / wax mirror / ultrastructure / wax gland / protein, 17

insecticide
Apis mellifera / *Apis cerana indica* / toxicity / diflubenzuron / penfluron, 3
instrumental insemination
queen honeybee / diluted semen, 487
invasion behaviour
Apis mellifera / *Varroa jacobsoni* / biotechnical control / drone cell, 109
Iran
Apis florea / *Apis mellifera yemenitica* / geographic variation / cline, 477
isozyme
central Anatolian honey bee / *Apis mellifera* / genetic variation / starch-gel electrophoresis, 503
Italy
honey / unifloral / melissopalynology / physicochemical characteristics / organoleptic analysis, 453

***Klebsiella* infection**
propolis / cinnamic acid / cytokine release, 73

laboratory assay
pyrethroid / *Varroa jacobsoni* / resistance, 415
laboratory hive
honeybee / egg collection / flight room / micromanipulation, 297
longevity
Nosema apis / honey bee / race / stock / spore load, 495

management
Apoidea / pollination / sustainable agriculture, 361
mating
Megachilidae / Xylocopini / Sphecidae / odor gland, 181
Mediterranean climate
Varroa jacobsoni / population dynamics / virulence / California, 149
Mediterranean shrubland
nectar production / flower characteristic / Apoidea / apiculture, 39
Megachilidae
Xylocopini / Sphecidae / odor gland / mating, 181
Meliponinae
stingless bee / gyne / queen supersedure / swarm, 231
melissopalynology
honey / unifloral / Italy / physicochemical characteristics / organoleptic analysis, 453
micromanipulation
honeybee / egg collection / laboratory hive / flight room / 297
microsatellite
Apis mellifera / *Apis dorsata* / swarming / nest site / Nasonov pheromone / genetic relationships / mitochondrial DNA, 119
microscopy
honey / adulteration / cane sugar, 131
miscroscopic characteristics
honey / unifloral / physicochemical characteristics / Greece, 441
mite reproduction
Apis mellifera / *Varroa jacobsoni* / Africanized bee / brood infestation, 381
mitochondrial DNA
Apis mellifera / *Apis dorsata* / swarming / nest site / Nasonov pheromone / genetic relationships / microsatellite, 119
Apis mellifera scutellata / Africanized honey bee / neotropical African honey bee / swarm / waggle dance, 395
morphometry
Asian bee / *Apis andreniformis* / *Apis florea* / population genetics / Thailand / Philippines, 387
Nasonov pheromone
Apis mellifera / *Apis dorsata* / swarming / nest site / genetic relationships / microsatellite / mitochondrial DNA, 119
nectar composition
optimal foraging / pollination, 197
nectar production
flower characteristic / Mediterranean shrubland / Apoidea / apiculture, 39
neotropical African honey bee
Apis mellifera scutellata / Africanized

honey bee / swarm / waggle dance / mitochondrial DNA, 395
nest cavity
Africanized honey bee / *Apis mellifera* / swarm / feral bee / pheromone, 467
nest site
Apis mellifera / Apis dorsata / swarming / Nasonov pheromone / genetic relationships / microsatellite / mitochondrial DNA, 119
Nosema apis
honey bee / race / stock / longevity / spore load, 495
nutrition
Bombus terrestris / diet / palatability, 273

odor gland
Megachilidae / Xylocopini / Sphecidae / mating, 181
optimal foraging
nectar composition / pollination, 197
organochlorine pesticide
honey / residue / Spain, 33
organoleptic analysis
honey / unifloral / Italy / melissopalynology / physicochemical characteristics, 453

palatability
Bombus terrestris / nutrition / diet, 273
parasite
social insects / polyandry / social organisation / epidemiology, 255
penfluron
Apis mellifera / Apis cerana indica / toxicity / insecticide / diflubenzuron, 3
phenolics
propolis / antimicrobial activity / toxicity / therapeutical activity, 83
pheromone
Africanized honey bee / *Apis mellifera* / swarm / feral bee / nest cavity , 467
Philippines
Asian bee / *Apis andreniformis / Apis florea* / morphometry / population genetics / Thailand, 387
physicochemical characteristics
honey / unifloral / miscroscopic characteristics / Greece, 441
physicochemical characteristics
honey / unifloral / Italy / melissopalynology / organoleptic analysis, 453

pollination
Apis mellifera / Cucumis melo / greenhouse / wind direction, 511
Apoidea / sustainable agriculture / management, 361
nectar composition / optimal foraging, 197
polyandry
social insects parasite / social organisation / epidemiology, 255
population dynamics
Varroa jacobsoni / virulence / Mediterranean climate / California, 149
Varroa jacobsoni / Apis mellifera iberica / climate / Spain, 371
population genetics
Asian bee / *Apis andreniformis / Apis florea* / morphometry / Thailand / Philippines, 387
postembryonic development
hemolymph / protein concentration / *Apis mellifera carnica* / Africanized honey bee, 101
propolis
cinnamic acid / cytokine release / *Klebsiella* infection, 73
phenolics / antimicrobial activity / toxicity / therapeutical activity, 83
protein
Apis mellifera ligustica / wax mirror / ultrastructure / wax gland / hydrocarbon, 17
protein concentration
hemolymph / postembryonic development / Apis mellifera carnica / Africanized honey bee, 101
Psithyrus sylvestris
ocial parasitism / *Bombus pratorum* / dominance behaviour / aggressivity, 245
pyrethroid
Varroa jacobsoni / resistance / laboratory assay, 415

queen honeybee
instrumental insemination / diluted semen, 487
queen piping
Apis cerana / *Apis koschevnikovi*, 61
queen supersedure
Meliponinae / stingless bee / gyne / swarm, 231

race
Nosema apis / honey bee / stock / longevity / spore load, 495
RAPD marker
Varroa jacobsoni / *Apis mellifera* / *Apis cerana* / genetic variability / geographical variability, 283
residue
honey / organochlorine pesticide / Spain, 33
resistance
Apis mellifera / *Varroa jacobsoni* / fluvalinate / effectiveness, 67
Apis mellifera / *Varroa* disease / fluvalinate / effectiveness, 291
pyrethroid / *Varroa jacobsoni* / laboratory assay, 415
rest at night
Apoidea / solitary bee / *Apis mellifera* / sleep / behavioural physiology, 213
retinol
bee brood / *Apis mellifera* / HPLC, 407

self-cleaning
social grooming / grooming dance / *Apis mellifera carnica* / ectoparasite / *Varroa jacobsoni*, 141
sleep
Apoidea / solitary bee / *Apis mellifera* / rest at night / behavioural physiology, 213
social grooming
self-cleaning / grooming dance / *Apis mellifera carnica* / ectoparasite / *Varroa jacobsoni*, 141
social insects
parasite / polyandry / social organisation / epidemiology, 255
social organisation
social insects / parasite / polyandry / epidemiology, 255
social parasitism
Psithyrus sylvestris / *Bombus pratorum* / dominance behaviour / aggressivity, 245
solitary bee
Apoidea / *Apis mellifera* / rest at night / sleep / behavioural physiology, 213
Spain
honey / organochlorine pesticide / residue, 33
Varroa jacobsoni / *Apis mellifera iberica* / dynamic population / climate, 371
Sphecidae
Megachilidae / Xylocopini / odor gland / mating, 181
spore load
Nosema apis / honey bee / race / stock / longevity, 495
starch-gel electrophoresis
central Anatolian honey bee / *Apis mellifera* / isozyme / genetic variation, 503
stingless bee
Meliponinae / gyne / queen supersedure / swarm, 231
stock
Nosema apis / honey bee / race / longevity / spore load, 495
sustainable agriculture
Apoidea / pollination / management, 361
swarm
Africanized honey bee / *Apis mellifera* / feral bee / nest cavity / pheromone, 467
Meliponinae / stingless bee / gyne / queen supersedure, 231
swarming
Apis mellifera / *Apis dorsata* / nest site / Nasonov pheromone / genetic relationships / microsatellite / mitochondrial DNA, 119

Thailand
Asian bee / *Apis andreniformis* / *Apis florea* / morphometry / population genetics / Philippines, 387

therapeutical activity
propolis / phenolics / antimicrobial activity / toxicity, 83
toxicity
Apis mellifera / *Apis cerana indica* / insecticide / diflubenzuron / penfluron, 3
Apis mellifera / *Varroa jacobsoni* / volatile oil / chemical control, 27
propolis / phenolics / antimicrobial activity / therapeutical activity, 83

ultrastructure
Apis mellifera ligustica / wax mirror / wax gland / hydrocarbon / protein, 17
unifloral
honey / physicochemical characteristics / miscroscopic characteristics / Greece, 441
honey / physicochemical characteristics / organoleptic analysis / Italy, 453

***Varroa* disease**
Apis mellifera / fluvalinate / effectiveness / resistance, 291
Varroa jacobsoni
population dynamics / virulence / Mediterranean climate / California, 149
Apis mellifera / Africanized bee / mite reproduction / brood infestation, 381
Apis mellifera / biotechnical control / invasion behaviour / drone cell, 109
Apis mellifera / fluvalinate / effectiveness / resistance, 67
Apis mellifera / volatile oil / toxicity / chemical control, 27
Apis mellifera iberica / dynamic population / climate / Spain, 371
Apis mellifera / *Apis cerana* / RAPD marker / genetic variability / geographical variability, 283
pyrethroid / resistance / laboratory assay, 415
social grooming / self-cleaning / grooming dance / *Apis mellifera carnica* / ectoparasite, 141
virulence
Varroa jacobsoni / population dynamics / Mediterranean climate / California, 149
volatile bouquets
bumblebee / *Bombus hypnorum* / dominance / chemical analysis, 163
volatile oil
Apis mellifera / *Varroa jacobsoni* / toxicity / chemical control, 27

waggle dance
Apis mellifera scutellata / Africanized honey bee / neotropical African honey bee / swarm / mitochondrial DNA, 395
wax gland
Apis mellifera ligustica / wax mirror / ultrastructure / hydrocarbon / protein, 17
wax mirror
Apis mellifera ligustica / ultrastructure / wax gland / hydrocarbon / protein, 17
wind direction
Apis mellifera / *Cucumis melo* / greenhouse / pollination, 511

Xylocopini
Megachilidae / Sphecidae / odor gland / mating, 181
